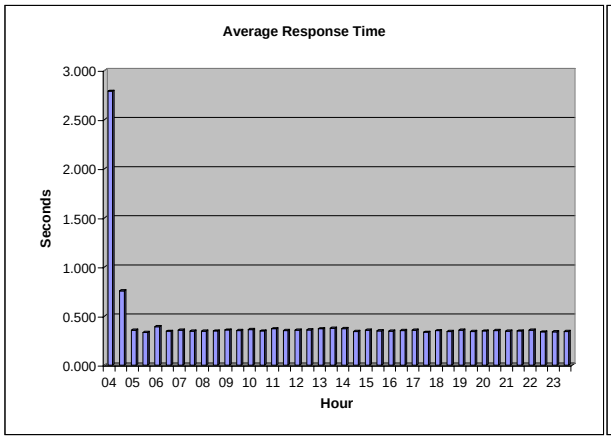
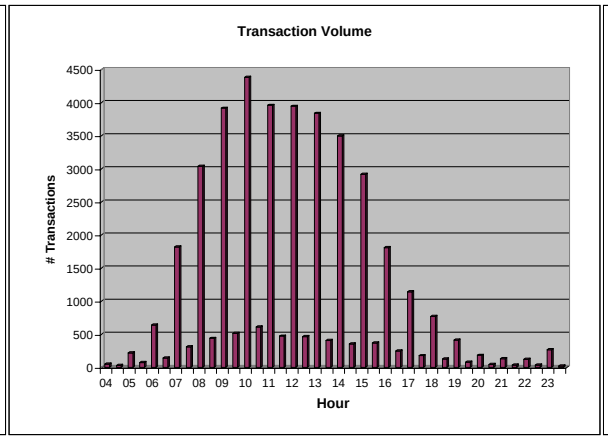
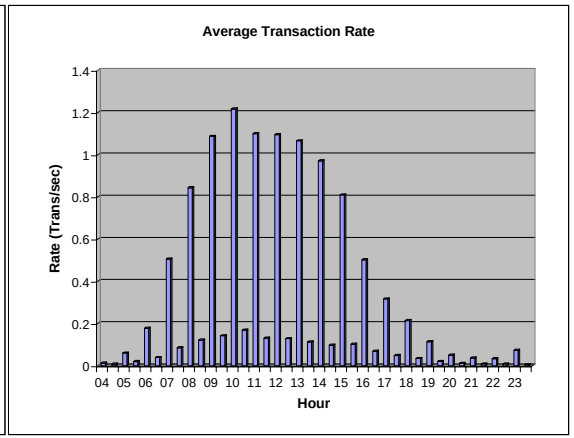
Response Time Report - Authorizations
Sunday, 12 Aug 2001






File version	Type of Event	Monitor ID	Mode	Comment	Starting Date and Time Stamp					Interval duration in secs	Protocol	Reponse session ID		Request session ID		Response Time Statistics			Interval Counters of:												
					Starting year	Starting month	Starting day	Starting hour	Starting min			Response source IP	Response source port	Request source IP	Request source port	Average	Longest	Shortest	Interval transactions	Timed out requests	Unparsable frames	Duplicate requests	Orphaned responses	Lost data in LW detected	Lost bytes in LW	Truncated frames in LW	Truncated bytes in LW	Re-transmit detected	Frame buffer full	Frame buffer full lost bytes	Oldest frame buffer usurped	No stats buffer available
																Summary:			**0.363**	29.030	0.004	**42019**
